FROM PONDER ON THIS: CHAPTER 53. “ THE ETHERIC BODY.” [VITAL BODY] PAGE 114

- [2] The Etheric Body is a mould of the physical body... The Etheric Body is the Archetype upon which the physical form is built...
- [4] Etheric Congestion may lead to many forms of disease and mental incompetence. One portion of the Etheric Body being congested may lead to the entire physical condition being upset, resulting in diverse complaints.
- [5] Remember always that in dealing with the Etheric Body we are dealing with physical matter.
- [6] The Etheric Body is the next aspect of world substance to be studied by scientists and investigators.
- [8] It is through the Etheric Body that all energies flow, whether emanating from the soul, or from the sun, or from the planet.
- [9] One of the principal objects of endeavour at this time on the part of Those you call the Elder Brothers of the race, is to stimulate, purify and co-ordinate the Etheric Body. This Etheric Body is not only the transmitter of prana, but is the medium for all energies which we are considering. Its importance also lies in other directions:-
  - [a] Being of physical plane matter, *literally*, Etheric Consciousness is the next step ahead for the race. This will demonstrate at first as the ability to see Etherically and to cognise Etheric Matter.
  - [b] It is the field of exploration immediately ahead of the modern scientist. In ten years time many Medical Practitioners will be recognizing it as a fact of nature.
  - [c] Most of the diseases that the physical body suffers from at present have their roots in the Etheric Body. There are few, if any, purely physical diseases. Disease has its source in Astral and Etheric conditions.
  - [d] The Etheric Emanations of people can be great contaminators. In the purification therefore, of this body lies the secret of a sweeter and saner humanity...

**The vastness of the subject is, however, so real that only little by little can humanity grasp the situation and come to realize that man is essentially [ through his Etheric Body] a part of a great vibrant Whole....**

**[11] The Etheric Body is fundamentally the most important response apparatus that man possesses...**

**[13]-[5] The Dense Physical body, composed of atoms – each with its own individual life, light and activity – is held together by, and is expressive of the energies which compose the Etheric Body...**

**QUOTE 2. PONDER ON THIS. CHAPTER 112, “MEDICAL SCIENCE” - PAGE 260 –**

**[1] In spite of mistakes, faulty diagnose and much error, humanity cannot do without its doctors, its surgeons, and its hospitals. They are urgently needed, and will be for centuries to come Modern Medicine must become far more open -minded, more ready to endorse [ after due professional proof ] that which is new, which is the nature of innovation and which is unusual. The barriers erected by specialized medicine must come down, and the new schools must be sought, instructed and investigated, and finally be included in the orthodox ranks...**

**[2] The centre of attention of medical and scientific students will be focused on the Etheric Body, and the dependence of the Physical Body upon the Etheric Body will be recognized. This will change the attitude of the medical profession, and magnetic healing and vibratory stimulation will supercede the present methods of surgery and drug assimilation. Man’s vision being then normally Etheric, will have him recognize that which is now called the “unseen world”.**

**[3] Paragraph 2 – It is essential that in days to come medical men should realize that disease in the Physical Body is incidental to wrong internal conditions. This is already being somewhat considered...**

**[8] The perfect healing combination is that of medical man and the spiritual healer, each working in his own field, and both having faith in each other; this is not now the case. There is no need to call in Divine aide to set bones, which the surgeon is well equipped to do, or to clear up infection which the physician knows well how to handle. The healer can help and can hasten the healing process, but the orthodox physician can also hasten the work of the healer. Both groups need one another.**

**I realize that what I have said here will please neither the spiritual healer nor the orthodox medical man. It is time, however, that they learn to appreciate each other and work in co-operation.**

**In the last analysis, the spiritual healer and the new modes of mental healing, have relatively little to contribute in comparison with the work and the knowledge of the orthodox profession...**

**ALSO FROM ‘PONDER ON THIS’ – CHAPTER 69: ‘HEALTH & DISEASE” PAGE 157**

**“Very few troubles of the dense physical body arise within that body itself. A few arise directly in the Etheric Body, but at this stage of evolution, most of our troubles arise in the Emotional Body, and the remainder in the Mental Body. We might generalize and say that...**

**25% of the ill’s flesh is heir to, arise in the Etheric Body. 25% in the Mental Body, and 50% in the Emotional Body.”**

**‘MYSTICAL SHAMBALLA’ - THE HIGHER ETHERIC DIMENSION: CHAPTER 155: PAGE:371.**

**[1] Shamballa, where They [Sanat Kumara and His pupils] dwell, exists in *Physical Matter* as do the Kumaras, but it is matter of the Higher Ethers of the Physical Plane, and only when man has developed Etheric Vision will the mystery lying beyond the Himalayas be revealed.**

[2] Though Shamballa is spoken of as existing in *Physical Matter* and as occupying a definite location in space, *the Physical Matter referred to is Etheric*, the Lord of the World and His Assistants of the higher degrees *occupying bodies formed of Etheric Matter...*

**CHAPTER: THE GOAL OF EVOLUTION. PAGE 132.**

**“ As the intuition in man develops and grows, so will his control of the air be developed and grow. Another thing we can look for [and it is already being recognized somewhat] is the development of the ability to see in subtler matter. Everywhere there are children being born who see more than you or I can. I am here referring to something that is based purely on material grounds, and concerns the physical eye. I refer to Etheric Vision, which is seeing in the finer matter of the physical plane, or in that which is called the ethers.**

**Much interesting work has been done along this line by students and scientists in California. A Dr. Frederick Finch Strong has been working along this line in a valuable way, and teaching that the Physical Eye is capable of seeing Etherically, and that Etheric Vision is the normal function of the eye.**

**What will the development of this faculty mean ?**

**It will mean that science will have definitely to readjust its point of view as to the subtler planes. If there comes within a range of vision of the normal man or woman within the next hundred years, certain aspects and forms of life that have been regarded hitherto as imaginary, we will have broken once and for all, that rank materialism which has distinguished us for so long; and if ‘that’ which is now visible is recognized along any particular line, who shall say how far forward it will be possible for us to go as time progresses ?” - end of chosen quotes.**
